

Harsh

Front-End developer

As an skilled Front-End Developer, I'm driven by a passion for building well-crafted and user-friendly websites. With expertise in React JS, HTML, CSS, JavaScript (ES6), Node.js/Express, Git/GitHub, Bootstrap and jQuery, I'm able to craft clean code and responsive interfaces that make the web look great – no matter which device its viewed on. As technology continues to evolve so do my skills. I welcome any opportunity to collaborate on challenging projects that push me further as a developer.
